

Haiti Yoga & Volunteer Trip March 23-31st, 2012

You're Invited to Join in the Experience of a Lifetime.

Join Yoga Ventures to build the Jacmel Children's Center for children ages 3-10 years old, many left orphaned after last year's earthquake. We've committed our hearts to this project, and are excited to participate in the build. Join us for a truly meaningful, fun and memorable week, as we help rebuild this beautiful community.

In addition, many projects need help: assisting with the feeding program of 275 kids daily, teaching and learning arts and crafts at the Haitian Art School for kids, and simply spending time with the kids. Part of the magic of being in Haiti is discovering where and how you best like to serve. A significant part of this trip is your individual fulfillment, as well as mutually enriching experiences for you and the Haitians.

Yoga & Meditation in Haiti.

We'll enjoy yoga and meditation in the evenings at our waterfront hotel.
